ABOUT ME

I'm entry level Front End Web Developer based in São Paulo, Brazil. I've always been into technology, computer and design. After a long time finally I figured out my passion: programming. I've worked through 1000+ hours of bootcamp for 10 months learning the basic programming languages. At the moment I'm studying and learning on my own searching for a new opportunity in this industy.

EXPERIENCE

Finance

MiSocial / 2021 - present

I provide key support to the Financial Controller in payroll, invoice and document management.

Travel Consultant

Interpac Travel Turismo / 2015 - 2020

Advised clients on visa, passport and security requirements relating to destination, managed group air reservesations, reservations and consulting for corporate business travelers, organized VIP protocol events on World Cup and Olympics as interpreter.
